

CV8100: Directed Studies in Civil Engineering
Course Approval Form

Student Name	_____	Student ID	_____
Program	_____	Supervising Professor	_____
Current Term	_____	Year	_____

All Civil Engineering graduate students who take CV8100 for credit must have this form filled, approved with all required signatures and submitted to the Graduate Program Administrator before the LAST DATE to add a class for the term. CV8100 provides possibilities to pursue directed studies on a research topic, which is not offered in a formal “in-class” basis, under the supervision of a faculty member (normally the student’s thesis supervisor; but can also be any other faculty member who is a member of the Civil Engineering graduate program). This course normally involves the preparation of a major research paper. Please complete the required information below and attach additional pages, if necessary.

Study Topic:

Brief description of the body of work to be studied:

Learning goals and objectives:

Required reading necessary to meet learning goals and objectives:

Deliverables/methods of evaluation with corresponding due dates and relative weights:

Penalty for late submission of work:

Final Report Submission Deadline
(normally by the final week of the term)
